

Dear **Professor** Low,

I hope this message finds you well. I'm in your class on **20th Century American Literature** , and would like to request an extension for my current assignment. I'm struggling to complete the **research** task in time, **because I** can't find all the needed resources for this **paper**. **Unfortunately**, while our library provides a myriad of resources, it does not have a couple of key books that **IMHO** would greatly boost the quality of my paper.

In **particular**, I'm searching for "Urban Underworlds: A Geography of Twentieth-Century American Literature and Culture" by Thomas Heise and **Fictional Space in the Modernist and Post-modernist American Novel** by Carl Darryl Malmgren. If possible, I would also appreciate any guidance or recommendations you might have, **where** I might find these works or suitable alternatives.

I would like to reassure you that if you grant me this extension **I** will ensure I **give you** a comprehensive and **well researched** assignment for this date **ASAP**.

**Please feel free** to contact me, and I look forward to receiving your **reply**.

Many thanks,

Cece Drake
