

Dear **Professor** Low,

I hope this message finds you well. I'm in your class on **20th-century American Literature and** would like to request an extension for my current assignment. I'm struggling to complete the research task in time **because** can't find all the needed resources for this **paper**. **Unfortunately**, while our library provides a myriad of resources, it does not have a couple of key books that, **in my opinion**, would greatly **elevate** the quality of my paper.

In **particular**, I'm searching for "Urban Underworlds: A Geography of Twentieth-Century American Literature and Culture" by Thomas Heise and **Fictional Space in the Modernist and Post-modernist American Novel** by Carl Darryl Malmgren. If **possible**, **I** would also appreciate any guidance or recommendations you might **have, where I might** find these works or suitable alternatives.

I would like to reassure you that if you grant me this extension, **I** will ensure I **deliver you** a comprehensive and **well-researched** assignment for this date **ASAP**.

**Feel please free** to contact me, and I look forward to receiving your **reply**.

Many thanks,

Cece Drake
